Mr. Felix S. Mirasol, Jr.
Regional Executive Director
1515 DENR By The Bay Bldg.
Roxas Boulevard, Brgy 668
Ermita, Manila

Dear Sir,

I am Mylen Amorado from Mamburao Occidental Mindoro. I would like to ask for help regarding one of your engineers, Engr. Mary Dominique Lavadia.

I prepaid P10,000 pesos in cash directly to her to provide me with a correct land survey, technical descriptions, and an approved subdividing plan at [37 Rizal Street](#), Brgy. 4 in Mamburao.

At first, she provided the survey and technical descriptions for legal documentation like Extra Judicial, State Tax, and other documents to subdivide the land. After all the legal documentations were paid and completed, I tried to follow up on her the approved plan for titling. At this point, she told me that the survey and descriptions she provided me were incorrect and needed to be revised without even thinking that all the other documentation needed to be changed as well.

I have not been able to get in contact with her. She has ignored all my calls and text messages. She has been uncooperative and at this time I have not received any updates on the progress from her. It has now been over two years and I have no idea if she plans to continue to provide me the correct survey and descriptions. If she has no plan to continue working with me then I want to get my money back from her along with any and all charges that I will be incurred for the revisions of all the incorrect documents due to the incorrect survey and technical descriptions she provided.

I would like to hear from you regarding this matter.

Please contact me at the number below or email me back sir.

Thank you in advance.

Regards,

Mylen Amorado
