Dear DENR-MIMAROPA,

Thank you for taking my call this afternoon. I would like to inquire about the **status of our request for Administrative Boundaries in Region IV-B** coursed through the DENR Central Office in September 2023. We were not furnished with the endorsement to your office. Thus, I have attached the original request letter for your reference.

I was informed by the DENR Central Office Records Section that the request has been endorsed to your office sometime in October 2023. Specifically, the request is being handled by your Surveys and Mapping Division (SMD). This request is related to our master planning and feasibility study for the flood risk management project funded by the Asian Development Bank (ADB) and is to be implemented by the Department of Public Works and Highways (DPWH).

Our project timeline is extremely tight and timely access to this data is critical for its success. Your kind understanding and attention to this matter is greatly appreciated. We hope to receive your positive feedback on this request. Thank you very much.
