Dear **Ma'am/Sir**:

Good Day!

Relative to your request on enforcement re: DPWH Projects with issued ECC, we are pleased to provide you with the list of Road/Bridge projects in Palawan with Environmental Compliance Certificate issued to DPWH.

Please take note that the ECC is just a planning tool and the proponent is required to secure permits and clearances from other concerned government agencies prior to project implementation. Also, each project with issued ECC has its own Environmental Impact Management Plan that details the prevention, mitigation, compensation, contingency and monitoring measures to enhance positive impacts and minimize negative impacts and risks of a proposed project or undertaking.

The Environmental Monitoring and Enforcement Division of this Office is the one responsible for monitoring the environmental compliance of the proponent. For the latest status of the projects as reflected in the attached file, EMED through the Provincial Environmental Management Unit - Palawan will be conducting validation of the status of the projects.

We will be updating your good Office on the result of the said validation.

We hope to have guided you accordingly.

Kindly acknowledge receipt of this e-mail.

RD JOE AMIL M. SALINO

Regional Director

Environmental Management Bureau - MIMAROPA Region

Satellite Office, 6th Floor, DENR by the Bay Bldg., Roxas Blvd., Ermita, Manila
