15 February 2023

Dir. Lormelyn E. Claudio
Regional Executive Director
DENR 4B
mimaroparegion@denr.gov.ph

Dear Dir. Claudio:

Greetings in conservation! In our continued effort to better understand the wildlife trade dynamics in the country, I collate seizure data from DENR regional offices and various wildlife law enforcement agencies.

In this regard, I would like to request data on wildlife seizures and turnover of wildlife kept as pets in the region for calendar year 2022. Please include the date, location, species, quantity, and commodity type (e.g. live, dried, parts) of each incident so we may effectively utilize the data for analysis.

The dataset may be sent via email to emersonsy@gmail.com. I look forward to your favorable response and more power to the DENR!

Best regards,

Emerson Sy
