Dear Ma'am/Sir,

Greetings to CDD-DENR MIMAROPA!

I hope this email finds you well.

I am For. Jekk Mickale Paderes from the Foreign Assisted and Special Projects Service of the Department of Environment and Natural Resources (DENR) and I am currently taking up a Masters Degree in European Forestry at the University of Eastern Finland, Joensuu, Finland. As one of the requirements of our program, we are tasked to present a topic for the Global Virtual Seminar (GVS). Our group, composed of members from Guatemala, Bhutan and USA, chose to discuss the impact of sustainable livelihood and education/awareness raising campaigns on the protection and conservation of the forest and its biodiversity to halt illegal wildlife (flora or fauna) trade. My focus is on the protection/conservation of the Tamaraw. I understand and searched that your organization has various initiatives already on this matter like your Tamaraw Conservation Program.

With your wide range of knowledge and experience on ground, may I request a brief meeting (max of 30 minutes) with you and/or your colleagues to discuss your program on the conservation and management of the forest that leads to the protection of the Tamaraw. Are you available on **February 9 (Thursday) or Feb 10 (Friday) at 4pm (PH time)**? Please let me know about this, so I can adjust on your availability. Attached also is the questionnaire for your reference.

Your help will be greatly appreciated. This will showcase the government's initiatives on biodiversity conservation to the international arena.

Thank you so much.

Sincerely,

Jekk
