Dear Mr President BBM ,
Good day Sir .

This is just a follow up on the email of complaints in relates to Save Our Shores for Calatrava , Romblon Philippines sent on Oct 23 , 2022 . Mind u I got a reply that said email was forwarded to DENR and the DILG but what will be our next move since we havent heard from them as yet .

The SOS Movement also filing a TRO in court . The Causeway Project has incurred violations especially a No Consultation from the Stakeholders and no Permit from the DENR . If this project cant be relocated to the West side of the fishport (present location is the east side of the fishport) i stand corrected in my first email about the location , maybe this project can just be deferred . Out Calatrava Town proper has only 300 meters shoreline and DPWH and Mayor Babera and Congressman Madrona still wanna take the 100 meters of it , what will be left for us to enjoy the God's given nature . Most of the Calatravanhons are pro preserving the nature than the Causeway project . We push for progress why not ... as long as it Eco/ Nature friendly .

That's from the DENR issued in July but yet the Causeway Project is on going as we speak .

Thank u very much again for listening to the small voice and concern of Calatravanhon .

Respectfully ,

Imelda Factor Glori
