These events intend to provide our local Agricultural and Biosystems Engineers (ABE) with comprehensive up-to-date information and develop a common understanding of the Agricultural and Biosystems Engineering Profession in the New Normal. It also aims to build a platform for increased cooperation by forming and/or strengthening partnerships among the academe, public and private sectors. Moreover, the attendance of the ABEs in the events will be very significant as they will be major players in the implementation of the Philippine Agricultural and Biosystems Engineers Competitiveness Road Map, the **RA10915 (Philippine Agricultural Engineering Act of 2016)**, (**RA No. 10601 (Agricultural and Fisheries Mechanization Law)**), and the **RA No. 8559 (Philippine Agricultural Engineering Act of 1998)**. Through these endeavors, we can assure that the PSABE will always be one of your most reliable partners in achieving your agency's goals.

We are also inviting & encouraging ABEs to submit technical papers and posters for presentation. Best papers and posters will be selected, recognized, and shall be published in the ABE Journal. All abstracts will be published in the Conference Proceedings and Book of Abstracts. Likewise, we will be giving out the following **PSABE Awards** to those members and chapters who have shown meritorious performance in their respective works: **Most Outstanding ABE Maramba Award, Outstanding ABE from the: Higher Education Institution (Public and Private), Local Government Units, National Government Agencies, Private Sectors/ Individuals and Non-Government organizations, Special Awards: Young Maramba Award (Most Outstanding Agr'l Engineering Student), Most Outstanding ABE Student Leader, Most Outstanding Regional Chapter, and Most Outstanding PPG Chapter.**
