Dear Secretary Loyzaga and Director Bernardino,

Good day!

We are members of The Long-Tailed Macaque Project, an international conservation collaboration and registered charity, CVR nr. 42539163 which you can read and reach on the following links www.theltmproject.org, www.facebook.com/theltmproject, www.instagram.com/theltmproject/, Twitter: @theltmproject. In the Philippines, the University of the Philippines (Diliman, Mindanao, Los Banos), Energy Development Corporation, TRAFFIC Southeast Asia, and Bristol Zoo are the LTM project collaborators.

As we all know the Long-tailed Macaque (LTM) has been updated to Endangered A3cd on the IUCN Red List. The update has now been published on the IUCN Red List: <https://www.iucnredlist.org/species/12551/199563077>

As the mandated government agency for the protection and conservation of species of the country, We at the LTM project would like to request an online zoom meeting with you and all the DENR regional focal persons and the academic community for a discussion on how to disseminate the information to the public about the LTM change of conservation status.

We will greatly appreciate it if you can inform us of your most convenient time and date for a discussion of a possible Communication Education Public Awareness (CEPA) plan for the Long-tailed Macaques in the Philippines.

Sincerely
The LTM Project Crew
