Dear Dir. Claudio,

Happy New Year, greetings from the Sulubaaï Foundation team.

I'm writing you in connection to letter dated on 07 October 2022 with Doc. ID no. 82873 ordering Sulubaaï Foundation to demolish four (4) buildings that is within the easement zone. As law abiding organization, we followed the order and demolish the said four buildings.

On the 12th of December 2022, the team of DENR-CENRO Taytay inspected and evaluated the island and on the 16th of January we received the letter from DENR-CENRO that their easement inspection result and recommendations was forwarded to the DENR MIMAROPA Regional Office.

With this, we would like to follow-up on this matter as this is also pertinent to our FlagT application. We are hopeful that by following your order and recommendations we could have a positive and fast response to our FlagT application.
