Dear CENRO:

RECEIVED
MIMAROPA
2023-17
01-23-2023
DATE:

Isang pinagpalang araw po sa inyo.

With a heavy yet grateful heart, I am tendering my resignation to my position as **Forest Technician II** of this Office effective February 3, 2023.

For over three years of my service as DENR employee, I have gained not only the security of a permanent job, but most importantly the realization of my worth as a person, doing something bigger than myself, finding purpose and friendship. It is an obvious truth that my designation as this Office's Information Officer has made me learn and appreciate the environment and natural resources' relevance as well as the importance of our role for the people and God in a deeper level of understanding. This made me eager and enthusiastic to develop myself and work with all that I am, and with what I have.

However, the vision that I have created through time of working at this Agency until I retire, isn't actually the best option for me, considering the unexpected instances concerning my personal situation at present. Being a single mother of two daughters (9 and 7 years old), and a daughter to my 60-year old mother and different uncontrolled circumstances, the need for my physical presence to act as the head of the family is requested immediately. It is also difficult to still hold onto this position with only half a heart and a distracted mind, thus, to resign is the only option that myself and my family are seeing.

I just want to express my gratitude, for everything that I am at this moment are mostly discovered and developed through my designations, handling hardships encountered and having the courage to perform at the best of my capacity.

Please know that I will always be for the environment wherever I will be placed at by life. My resignation also meant having one person outside this agency that is an addition to your numbers of partners for the environment.

Thank you very much! The learnings I have gained in this Office will never be an equivalent to anything material. Thank you for the opportunity, may God bless all your endeavours for the people, the environment and God.

Very truly yours,

AINA KRIZLA S. VIRAY
