PALAWAN COUNCIL FOR SUSTAINABLE DEVELOPMENT STAFF

PCSD

06 January 2023

RED LORMELYN E. CLAUDIO, CESO IV

DENR-MIMAROPA

mimaroparegion@denr.gov.ph

Dear RED Claudio:

Greetings of peace!

We are pleased to invite you and Palawan PENRO Felizardo Cayatoc to the **Kick-off meeting** on the conduct of **Preliminary Survey** by the **Korea International Cooperation Agency (KOICA) Team** for the proposed project titled **Environment and Natural Resources Information System (ENRIS) for Palawan Towards Food Security and Water Quality Improvement**. The project is being considered for possible KOICA grant assistance in 2024. The meeting is scheduled on **Tuesday 10 January 2023** from **9:00-11:30AM, VJR Hall, Provincial Capitol Complex, Puerto Princesa City**.

The proposal seeks to establish a web-based Environment and Natural Resources Information System (ENRIS) based on advanced scientific decision support that will contribute to efficient land use, maintenance of ecosystem condition and enhance provision of ecosystem services, water and food security, and climate change adaptability aligned with ECAN SEP and the UN SDG. The ENRIS will be accessible to anyone interested (leaders, decision makers, managers, business, residents, students, etc.). The project will run for 36 months/3 years (2024-2026) with a total cost of USD8.8M (KOICA USD8.0M, Ph counterpart USD0.8M).

Further, we would also like to invite the CENRO that has jurisdiction of each site during the field visits, and the attendance of PENRO Cayatoc during the Technical and Wrap-up Meetings.

Attached is the Schedule and Project Concept Paper Summary for your reference. For clarification and confirmation of your availability, kindly contact Ms. Maria Riva A. Quindara through mobile number 09176767376 or email rivaquindara@gmail.com.

We appreciate your usual support and cooperation.

Thank you and regards,

NIÑO REY ESTOYA, MNSA, CESE
Acting Executive Director 

Vision: Palawan, an innovative and dynamic global center of sustainable development
Mission: PCSDS as the driver of environmental conservation and inclusive development in Palawan,
a biosphere reserve and science-for-sustainability site, guided by the Strategic Environmental Plan
