The past year was punctuated by the damage of our station and the unexpected evacuation of our marine park rangers. During the holidays, we have been in close contact with Wescom, Naval Forces West, and the Palawan Coast Guard District to transport our men to Tubbataha so that they could assess the extent of the damage and plan forward. We have been unsuccessful so far, as the weather precludes us from embarking on the trip.

We will begin 2023 by building a temporary barracks for our men and moving heaven and earth (with your help) to get the new ranger station constructed. Metro Pacific Investment Foundation has pledged P1M for the temporary station and we are merely awaiting the architectural and engineering plans (with Mayor Tapalla's help) to begin construction. Wescom and the PCG have so kindly agreed to transport the materials. The wheels of our partnership are grinding robustly this early in the year! Things are looking up!

Thank you all for your support and guidance.

Very sincerely yours,

Angelique
