Good day!

On behalf of the **Biodiversity Conservation Society of the Philippines**, we are warmly inviting you to join us in the **City of Sorsogon from August 22 to 25** for the **31st Annual Philippine Biodiversity Symposium**. This year's symposium, co-hosted by the Energy Development Corporation, will have the theme, "**Priority Conservation Actions to Sustain Philippine Biodiversity**." May we request for the attached formal invitation to be disseminated to DENR-BMB's various divisions and offices? Thank you, and we hope to see you later this year!
