Hi Sir/Madam

We hope you are doing well and safe.

Being the office of Department of Environment and Natural Resources, we would like to check with you on who do we need to coordinate with as we plan to have a tree planting activity in Palawan. Can you help us please to know the contact person as well as the mechanics for us to make this successful and to contribute for a better greener environment. Or will there be an upcoming event this Q3 of the year?

Looking forward to hear from you.

Thanks,

Joyce Gabriel

People, Culture and Workspaces Manager
