Good day,

I would like to request for a specimen signature in order to do private practice of surveying, specifically in Palawan, MIMAROPA region. I would like to know what are the documents required for me to submit and the steps necessary for me to do.

I was an OFW from Qatar and I just ended my contract with my previous employer and would like to do a survey as a private surveyor here in the Philippines.

Attached below is a record of the Certificate of Registration for Total Station Surveying instrument from the Land Management Bureau for your reference.

I would pretty much appreciate the assistance you will provide in order to help me.

Sincerely yours,
Engr. Joel T. Valledor
