**Subject:** **Webinar Invitation: Application of Sand-Filled Geosystems in Coastal Engineering**

Dear Ma'am / Sir,

Maccaferri Philippines would like to extend this formal invitation to you and your esteemed organization to participate in our upcoming webinar on the topic of "Application of Sand-Filled Geosystems in Coastal Engineering." This webinar aims to explore the innovative techniques and advancements in coastal engineering using sand-filled geosystems, with a particular focus on the utilization of MacTube® in various coastal and marine engineering applications.

**Date:** Thursday | July 6, 2023

**Time:** 10:00 am to 11:00 am

The webinar aims to bring together professionals, researchers, engineers, and industry leaders from coastal and marine engineering sectors to foster knowledge exchange and explore new opportunities for collaboration. By participating, you will gain valuable insights into cutting-edge practices, engage in meaningful discussions, and discover the potential applications of MacTube® in your own projects.

We believe that your organization's expertise and involvement in this webinar would greatly contribute to the discussions and enhance the overall success of the event. We kindly request your active participation and encourage you to invite other professionals within your network who may find this topic relevant and insightful.

To register for the webinar, please visit <https://www.maccaferri.com/ph/webinar/application-of-sand-filled-geosystems-in-coastal-engineering/> or scan the QR code below.

Should you have any questions or require further information, please do not hesitate to contact us. We look forward to your positive response and participation in this exciting event. Thank you for considering our invitation, and we sincerely hope to welcome you and your colleagues to the webinar.

Regards,
