Attention: Ms. Mildred Suza

Dear Sir/Madam:

This refers to the ongoing Environmental Impact Assessments (EIAs) and application for Environmental Compliance Certificate (ECC) and SEP Clearance for the **Service Contract 54 Oil and Gas Production Project** of Nido Petroleum Philippines Pty. Ltd. in offshore Northwest Palawan.

We would like to request an endorsement from PAMB stating that SC 54 is NOT within the El Nido – Taytay Managed Resource Protected Area (ENTMRPA). The location map and geographic coordinates of the boundaries of the service contract is attached for your reference.

A PASu representative accompanied the marine ecology team of our environmental consultant, Seastems, Inc. during the marine ecology survey on 09-12 October 2022. Consequently, it was confirmed that the location of the service contract including the target well sites are outside the ENTMRPA.

Should you have clarifications or other concerns regarding this request, you may reach SEASTEMS, Inc. by email (info@seastems.com) or through these numbers: Alvin Nacu (+63.917.840.7192); Armie Perez (+63.929.951.4340).

I hope that this request merits your favorable response.

Thank you.

Sincerely,
