DENR Regional Offices

Thru: All Regional WRUS focal person

To whom it may concern:

Greetings of peace!

This is to reiterate the agreement during our meeting on Water Supply Projects 2023 co-managed by the DPWH and DENR Water Resources Management Office (WRMO) via zoom last June 8, 2023.

Everyone agreed to collect required certifications by June 15, 2023. By virtue of Executive Order No. 22, the DENR Undersecretary for Water Resources Management Office (WRMO) - Dr. CP David had marching order to STOP the bidding process or suspend the awarded contracts and "immediately return the funds" to the Central office, if required certifications were incomplete as of June 15, 2023. While awarded projects with MOAs and Certifications already should be properly monitored and implemented by DENR-WRMO-WRUS.

In connection to this, kindly fill up the attached form for Undersecretary's information on the status of Water Supply Project (WSP) 2023 and please send back to me directly the soft copy of excel file (not picture or pdf, not through inaccessible google drive) as soonest possible time.

We appreciate that few regional WRUS already sent proof of communications to DPWH including bid documents for the awarded projects under your area of jurisdiction, yet they lacked some information needed for standardized database purposes, for smooth coordination with DPWH and for Undersecretary's information, please.

Thank you for your favorable action on this matter.

Respectfully yours,

Aime L. Dela Pena

Director III, DENR

Under the Authority of Undersecretary for Water Resources Management Office (WRMO), Undersecretary for Integrated Environmental Science and Supervising Undersecretary for River Basin Control Office (RBCO).
