Dear **RED CLAUDIO**,

Greetings!

The Environmental Heroes Foundation, Inc. ("Foundation") is a non-stock, non-profit organization that aims to honor individuals who risked their lives in protecting our environment and provides financial assistance to those loved ones they left behind. The Foundation has so far recognized three (3) batches of Environmental Heroes: five (5) heroes in 2016, six (6) in 2021 and four (4) this 2022. Their surviving families have now received a combined amount of more than Two Million (P2,000,000.00) Pesos. Our Board is composed of Ramon Paje, former Secretary of the DENR; Victor Ramos, former Secretary of the DENR; Daniel Darius M. Nicer, Assistant Secretary of the DENR; Margie DG. Dela Cruz, VP of Globalization and Extension Program (VPGEP) of Philippine Christian University; and yours truly as the Chairperson.

On 05 June 2023, World Environment Day, the Foundation will also be marking its 10th year of existence with a lecture event with the theme "Judicial Activism during Environmental Emergency and Climate Change" where the crucial role of the judiciary in protecting the environment, will be thoroughly explored.

In line with this, we would like to extend an invitation for you to join in this upcoming event. Enclosed is the program. You may choose to either attend in-person or via Zoom. Below is the Zoom Link:

Topic: Judicial Activism during Environmental Emergency and Climate Change
Time: Jun 5, 2023 14:00

Join Zoom Meeting
<https://up-edu.zoom.us/j/94107571731>

Meeting ID: 941 0757 1731
Passcode: clim@te23

Please confirm your attendance to our lecture event through this email or you may also reach us via our landline at (02) 8928-7861 or VOIP 1079/1081 within the week.

We look forward to your presence at this event.

Thank you very much!

--
