Director Land Management Bureau
Department of Environment and Natural Resources
Diliman, Quezon City

Dear Atty. Talabis:

Greetings!

Pursuant to the Public Land Act (Act No. 2874), lands of the public domain, including foreshore and salvage areas, may only be occupied by private corporations or associations through an issued Foreshore Lease Agreement (FLA) or Miscellaneous Lease Agreement (MLA).

In line with this, using the Geospatial Database Office's tools, we noticed that in the records provided by the Land Management Bureau (LMB), it appears that some of the structures found along the foreshore and salvage areas in *Brooke's Point, Palawan* do not show up in the FLA/MLA list. It could be that there are missing information, incorrect entries, or that such industries were not able to secure the proper permits. We have attached the complete lists of the specific structures observed along the foreshore and salvage areas.

It is suggested that the LMB work with Region IVB in ensuring that the establishments in the list provided secure the necessary FLA/MLA.

Kindly update us on any development regarding this matter.

Thank you very much and best regards.

Very truly yours,

CARLOS PRIMO C. DAVID, Ph.D.
Undersecretary for Integrated Environmental Science
