**OFFICIAL INVITATION TO THE 2023 DENR-ERDB TECHNOLOGY FORUM ON JUNE 15, 2023**

The Ecosystems Research and Development Bureau has been at the forefront of undertaking research studies and generating viable technologies for the sustainable management of the country's environment and finite natural resources. As part of our mandates, ERDB must extend these research results to support the Department of Environment and Natural Resources in developing its programs and policies and properly utilizing and applying the technology in the field.

Hence, ERDB would like to invite three (3) representatives from your office to the **2023 DENR-ERDB Technology Forum on June 15, 2023, from 8:00 am to 4:00 pm in Bayview Park Hotel, City of Manila**. This is part of celebrating the United Nations Environment Programme's World Environment Day and Philippine Environment Month. The forum aims to promote ERDB's generated technologies to the DENR and forge more open communication between ERDB and the DENR bureaus, and attached agencies.

The other DENR offices to be invited to the forum are the DENR Policy and Planning Service (PPS), River Basin Control Office (RBCO), Environment Management Bureau (EMB), Forest Management Bureau (FMB), Land Management Bureau (LMB), Mines and Geosciences Bureau (MGB), Biodiversity Management Bureau (BMB), National Water Resources Board (NWRB), Laguna Lake Development Authority (LLDA), National Mapping and Resource Information Authority (NAMRIA), Foreign-Assisted and Special Projects Service (FASPS), and the Natural Resource Development Corporation (NRDC).

Each of the three (3) participants may confirm their attendance by registering through this link <https://tinyurl.com/ERDBTechnoForumReg> until **June 13, 2023**.
