Dear Madam M. Rongavilla,

A per our previous discussion. Please find the attached file which is the final Decision of the Municipal Trial Court in El Nido, Palawan dated 30 th of October 2017 regarding an Ejectment suit filed by disgruntled stockholders Armie Evans et al against our principal Mr. Emil Orchid Primorac for your information and guidance.

Please note that the MTC dismissed the claims of Armie Evans et al that they are in possession of the Island Resort. We are providing you with this copy of the said decision in order to bolster our true contention that our client and his stockholder's are the present and true board of directors of Cauayan Island Resort Phils. Inc.,

We shall also copy furnish this decision to the CENRO-DENR Taytay, Palawan for their guidance and information since we were surprised that said office Has not forwarded any application re: SAPA to your office for reasons that claims of ownership has not yet been settled.

Ww e would like to reiterate that our client is more than willing to comply with any lacking requirements they may have regarding this as long as we are appraised As to what requirements are lacking so we can comply.

May we seek your guidance regarding the matter.

Warm regards
