MEMORANDUM

FOR : The Regional Executive Director

THRU : The Assistant Regional Director for Technical Services

FROM : The OIC, PENR Officer

SUBJECT : **UPDATE REPORT ON THE ACTIONS TAKEN BY THIS OFFICE IN RELATION TO THE RE-INVENTORY/ INSPECTION ON THE REPORTED CUTTING OF TREES WITHOUT PERMIT BY THE ALTAI PHILIPPINES MINING CORPORATION (APMC)**

Respectfully submitting the update report on the re-inventory/inspection of trees within APMC area located at Sitio Bato, Brgy. España, San Fernando, Romblon.

That on March 11, 2023, the team conducted ocular inspection of damages within the haulage area outside the 20-hectare site of the APMC. The team listed observations on damages including uprooted trees and timber pieces present in the area. Afterwards, the team started the conduct of re-inventory/inspection of trees within the 20-hectare site of the APMC damaged by the construction of access road. The team validated and relocated the previously inventoried trees and listed the missing trees based on the previous inventory/baseline data.

The re-inventory team composed of technical personnel including Foresters, Forest Technician, and Forest Rangers with the assistance of APMC representatives Laboratory Assistant Rubenson A. Angoy and Chief Watchman Rico R. Rafol under the supervision of the OIC-PENRO, Chief TSD, and PASu-MGGNP.

For the next days, the team will continue the re-inventory/inspection of trees within the 20-hectare site as well as Parcels 1, 2, 3 of the APMC.

For information and reference.

ARNOLDO A. BLAZA, JR.
