February 17, 2023  
Mamburao, Occ. Mindoro

Forester ANASTACIO SANTOS, MPA  
The CENR Officer  
Sablayan, Occ. Mindoro

Good day sir!

It has been relayed to me by a prospective client that you are saying that I charged so much for a survey. Is that true sir?

As a professional, we should act one. I think as a CENR Officer, you should focus on your work and be good at it. It's a pattern of you as I read your CSW pertaining to a survey made by my brother to a property of Constancio Masangkay located at Lubang, this province, that instead of focusing on the question of ownership, you strike with the one hundred fifty sq.m. professional fee of my brother. How we geodetic engineers should charge for our services is beyond your authority as a CENR Officer, as we do not question those Foresters who prepare ECC on their costings.

If you know that much sir, why not try to survey? It feels like you are feeling superior to something you know little. I should give you more credit if you accomplish last year's survey and maybe we'll sit at same table.

Hope to hear from you.

Ps. Let me follow up my request for survey authority of my lot situated at Payompon.

Thank you.

Truly yours,

ERIC CHRISTIAN D. CUSTODIO  
Geodetic Engineer
