### II. ACTIONS TAKEN

- Continuous air and water monitoring and sampling of stations in Occidental Mindoro, Oriental Mindoro and Palawan.
- Continuous supervision and technical assistance in the Hazardous waste management.
- Provide technical assistance in the fabrication and installation of spill booms made from alternative materials.

### III. WAYS AHEAD

- Continuous monitoring and water quality sampling of areas affected by oil spill including mangrove areas, marine protected areas, and fish sanctuaries.
- Continuous coordination with provincial/local government units as regards clean-up operations, water quality sampling, technical assistance in the collection and transporting of hazardous wastes, and cash for work programs for individuals affected by the oil spill.
- To assist OCENA (NGO) in the site selection and identification regarding the magic fiber pads prior to clean-up operations.
- EMB will conduct 24 hrs VOCs sampling for identified locations in Municipality of Naujan, Pola and Calapan.
- EMB will conduct ambient water sampling for the parameters of VOCs(BTEX) for seawater, river and ground water.
