**LORMELYN E. CLAUDIO**

*Regional Executive Director*

Department of Environment and Natural Resources  
MIMAROPA Region

Dear **RED Claudio**,

*Warmest greetings!*

We are writing to request for a meeting with the Protected Area Management Board (PAMB) to present our project proposal for the utilization of Naujan lake and other inland bodies of water for inland aquaculture as part of the livelihood intervention for affected families of the oil spill.

As you may know, the oil spill has caused significant damage to the ecosystem and affected the livelihoods of many families in the area. Our project aims to promote sustainable aquaculture practices and provide alternative economic opportunities for these affected families. We believe that Naujan lake and other inland bodies of water in the area have great potential for inland aquaculture. We are eager to present our ideas to PAMB for their consideration. We hope to gain PAMB's support for our project and collaborate with them to ensure the area's sustainable development.

Thank you for your consideration.

Sincerely,

**EMMANUEL H. ASIS, DFT, CESE**  
*Regional Director*
