Respectfully forwarded is the letter dated January 10, 2023 of Mr. Mike Collins requesting to utilize salvage trees/logs due to typhoon Odette located at Cold Daungan and Zone 6 of Barangay Irawan, Puerto Princesa City.

Per inspection and inventory conducted by personnel of this Office show that a total of three (3) trees/logs composed of Acacia and Dita within Irawan river having an approximate volume of 5.235 cubic meters are requested to be utilized by Mr. Collins for personal use.

Considering that the three months allowable period for the issuance of Wood Recovery Permit due to typhoon Odette has already lapsed last June 3, 2022, hence this endorsement for issuance of clearance.

Attached are inventory report and geotagged photos submitted by personnel of this Office.

For information and further instruction.

Dear Sir Pedro A. Velasco,

Ako po ay residente ng Brgy. Irawan at humihingi po ako ng permiso na mag-"salavage" ng mga kahoy (maraming Acacia) na abandonado at nasasayang lang gawa ng bagyong Odette sa Irawan River. Sa loob po ng isang taon ay mukhang nagsisimula na silang mabulok. Gayon din po ang mga kahoy sa South Hi-way na parang itinaon at nakakalat sa gilid dahil sa road widening. Napakarami po ng mga kahoy na ito. Kung maaari po sanang mabigyan ako ng written permission na makakuha ng ilang logs for personal use para sa farm ko.

Kalakip po ay ilang mga litrato na kuha ko sa Irawan River at sa South Hi-way.

Sana po ay mapagbigyan ninyo ang aking kahilingan.

Maraming salamat po!

Kaliwa: Isang Acacia sa gilid ng ilog tumba...natabunan na ng mga damo.

Itong pic sa baba, yan ang ugat ng puno sa taas na nuproot pero natabunan din ng mga damo at halaman.

Ito po mga apat lang sa maraming pictures.
