Good day,

This is regarding your response about my request regarding the status of the violation of Sunwest, you mentioned about the civil case I'm not part of the civil case and my request is so simple to know the status of the violations .

Also if there is a civil case why Sunwest still doing the construction. It's not fair that u can't give me the status of the violation and Sunwest still working the construction with violation.

God bless ..

Mary
