Dear Secretary,

Attached is the answer of CENR Officer Forester Anastacio Santos, MPA to Mr. Norlito Escamilla, President of SAMAHAN NG KATUTUBO AT TAGALOG SA SITIO SHEKINAH (S.K.T) regarding the seemingly dispute that only the CENRO has created.

Furthermore, insinuation against my person was evident in lines "*sinasabi ng inyong Pangulo sa harap ng Gobernador na susukatin ni Engr Eric Christian Custodio ang lupa na walang bayad bilang pagtulong daw sa inyo. Gaano kaya ito katotoo*", "*Para sa inyong kaalaman, dalawang beses itong hiniling na bigyan ng survey order ang shekinah, ano kaya ang dahilan? Sila po ang inyong tanungin. Bakit di nila sinusunod ang rekomendasyon ng Region? Ano ang mayroon? Sila po ang inyong tanungin*" "*Ang iba ay tama at ang iba ay walang katotohanan*" and the most dramatic of all "*At habang ako ang hepe g CENRO Sablayan ay hindi magwawagi ang MALI , bagkus TAMA ang magwawagi*". Please see my letter to the PENRO for my answer.

The CENR Officer has the means and power to investigate and to prove his claim but refused to. May I humbly request that you investigate if at my time as LMOI of CENRO Sablayan, and a geodetic engineer by profession, charged the SKT for my survey, also, if we requested twice the lot claimed by the association, and if there indeed a recommendation by the MIMAROPA Region concerning the subject lot. This is to help the CENR Officer get facts and not resort to innuendos to mask his incompetence through his bravado.

Hoping for your swift investigation.

Sincerely yours,

ERIC CHRISTIAN D. CUSTODIO
