Dear **Sir/Madam**:

In line with the observance of road safety month, the U.P. National Center for Transportation Studies (UP NCTS) will be conducting its 4th Webinar for 2023. This is spearheaded by the Traffic Engineering and Management - Road Safety and Research Laboratory (TEM-RSRL) group of the Center. The objectives of this webinar are: (1) to raise awareness about the risks and consequences of motorcycle-related road crashes; (2) to identify challenges and opportunities in improving safety for all road users; (3) to inform and advocate for the implementation of policies and programs that support motorcycle safety, and (4) to educate motorcycle riders and enthusiasts on the importance of safe riding practices and adherence to traffic laws and regulations. Our Webinar is entitled "Tara! Ride Tayo!" A Webinar on Motorcycle Safety." The event will be on May 30, 2023 (Tuesday) from 1:00 - 4:30 PM (PH time).

JOIN our upcoming FREE webinar on motorcycle safety. REGISTER NOW!
