

## INDIVIDUAL LEARNING REPORT

### Part 1 (To be prepared by the participant)

<b>Name of Participant:</b>	Dally Joy Aura A. Roca
<b>Office/Service:</b>	CENRO San Jose, Occ. Mdo. /Records Unit
<b>Training Title:</b>	Training on Online Land Administration and Management System- Public Land Application (LAMS-PLA)
<b>Learning Providers:</b>	HRDS MIMAROPA
<b>Inclusive Dates:</b>	February 22-24, 2023
<b>Venue:</b>	Citystate Tower Hotel, Ermita, Manila

### I. EVALUATION OF THE COURSE:

- **Technical Content:**

LAMS Philippines is the DENR's Land Information Systems that will establish a Digital Cadastral DataBase (DCDB) and shall capable of managing all the land records of the entire country. The aim of LAMS is to integrate all land information from the Regional and field offices into a centralized database, and unify all land processes in a single application system.

On-line LAMS Public Land Application (PLA) is an enhanced component of LAMS Philippines designed to capture the information of Public Land Application from the different offices of the DENR. It captures, links, and stores the textual and image information from the scanned documents of the carpeta/folder. It is a database application with customized transaction tracking system tailored for efficient monitoring of Public Land Applications in all PENROs and CENROs. It serves as monitoring system of all ongoing and pending applications in each PENROs and CENROs.

- **Impression/Comments:**

I had learned a lot in the training conducted particularly about the LAMS and its enhanced component which is the Online LAMS-PLA. The resource speakers are well-versed, proficient and expert about the subjects discussed. The content of the training is straightforward, sufficient and output-based. The training had capacitated its participants with knowledge to be able to implement the online LAMS-PLA in the field offices. Also, acquainted the participants to the standard PLA stages and checklist in Regional and Field Offices (PENROs and CENROs) relative to the processing of PLAs.

### II. RELEVANCE OF THE LEARNING EVENT TO PARTICIPANT'S WORK/FUNCTION:

As an Administrative Aide VI/Records Staff and waiting to be deputized as a Public Land Inspector, this training will be very useful in the performance of my duties and responsibilities. Through online LAMS-PLA, we will be able to enhance the quality of the public land application services that we deliver to clients. This online LAMS-PLA will also enhance the monitoring and adherence of field personnel on the rules, regulations and

guidelines in the delivery of our PLA services to the clients. Creation of virtual carpeta/folder will be convenient for us as well as to the client demands.

**IV. POST LEARNING ACTION PLAN/PROPOSAL:**

Proposed Plan/Activity/Output	Time Frame
Re-echoing Activity for Topics discussed during training on online LAMS-PLA.	March 07, 2023
Preparation of Public Land Application Workflow in DENR-CENRO San Jose to be submitted to technical staff of LMB for the implementation of adoption of Online LAMS in processing of Public Land Application.	March 08, 2023

**Part 2 (To be prepared by the SUPERVISOR)**

How will you support the post Learning Action/Proposal?

- Require attendance of other RPS and CENRO Staff in the re-echoing activity.
- Check/Review the process workflow on Public Land Application to be submitted to LMB.

Have you discussed any concerns/resources needed by your subordinate so that he/she can effectively transfer the skills and knowledge gained from the training? Yes

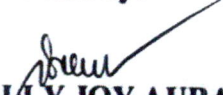

Would you be willing to send him/her again to other training/seminar/conference?

Yes ☒ No ☐ Others ☐

If yes, please specify courses.

- Training on Alternative Dispute Resolution
- Training on Land Records Management
- Training on other pertinent laws and regulations.
