

++INDIVIDUAL LEARNING REPORT

Part 1 (To be prepared by the participant)

Name of Participant:	LOREN KAYE A. GARCIA
Office/Service:	DENR CENRO San Jose, Occidental Mindoro
Training Title:	Wildlife Agency and Citizen Law Enforcement Reporting Tool (WildALERT) Rollout
Learning Providers:	DENR Biodiversity Management Bureau (BMB)
Inclusive Dates:	August 23-24, 2023
Venue:	Sunlight Guest Hotel, Puerto Princesa City, Palawan

I. EVALUATION OF THE COURSE:

- **Technical Content:**

WildALERT is an innovative solution that aims to improve the daily enforcement operations of DENR operations and partner agencies by providing a real-time and centralized platform for reporting wildlife crimes.

WildALERT is a mobile application that contains a library of Philippine Flora and Fauna species that have specific details and status.

- **Impression/Comments:**

Attending the WildALERT rollout is a very cognitive experience special for me being in the enforcement section. WildALERT mobile application could be very helpful in identifying and reporting wildlife species re: status and crime. The only problem with this application is the interface that looks like old school and the availability of other species not listed in the app library specially premium tree species.

II. RELEVANCE OF THE LEARNING EVENT TO PARTICIPANT'S WORK/FUNCTION:

The WildALERT Rollout is definitely relevant to my work/function because I am in the DENR Enforcement Section and also part of the Wildlife Traffic Monitoring Unit.

III. RECOMMENDATIONS:

I have no other recommendations for the said event, the hotel and the staff are very accommodating and the learning providers are very clear and presentative.

But I have a recommendation re: the mobile application; that it must be perfect and user friendly for public use.

IV. POST LEARNING ACTION PLAN/PROPOSAL:

Proposed Plan/Activity/Output	Time Frame
WildALERT Mobile Application Orientation and Seminar to LGUs and BLGUs of MIMAROPA	1 st Quarter of CY 2024

Part 2 (To be prepared by the SUPERVISOR)

How will you support the post Learning Action/Proposal?

this proposal will be added as one of the priority subjects that will be tackled
on trainings and seminars.

Have you discussed any concerns/resources needed by your subordinate so that he/she can effectively transfer the skills and knowledge gained from the training?

Would you be willing to send him/her again to other training/seminar/conference?

Yes ☒ No ☐ Others ☐

If yes, please specify courses.

Identification of Floras and Faunas (Taxonomy and Dendrology)
