please do something about this., This unscrupulous broker; Meri Yam et. al. is lurking in place victimizing the money of the people selling land with an exorbitant passion.

Kindly do something about this, kindly control the illegal development of land selling in this area. such monstrosity should not be permitted if your office is really managing this unscrupulous activity. @8888complaint@op.gov.ph, please help the victim of this unscrupulous seller, she knows already that the value of the land is agricultural, so why sell it as developed land comparable to a "commercial" or even "Industrial" estate?

please do something about this.

regards,

porisma people et al.
victims

DENR

Sir.,

I believe it was your office to control and execute land development over the Taytay Palawan land; Just how in the name of goodness your good office is doing? why permit illegal brokers of land and developers to lurk over this land in an incredibly unscrupulous manner? You even permit the assessors to tolerate this exhibition.

Kindly please do something about this.,

to the PCC.,

please do something about this sir.,

It seems that the LRA is not issuing a mapping certificate authorizing this unscrupulous seller, violating the taxation law of the philippines.

please do it immediately

to; HLURB.,

I just want to ask your good office why you permit this overpricing of meriam to happen in this taytay palawan., meriam Ocampo lot for sale(09550356414)...

no paying of taxes and overpricing why? Do we need media here.? If you can't investigate this matter, how can we trust such an agency?

Dear @CONTACT CENTER NG BAYAN (CCB)

Please do something about this as DPWH officials are also a concerned agency in this white cover ups in this area.

Dear CONTACT

good day.,

i just wanted to ask for your immediate response on this very issue.,

it seems that your government agency is not doing its mandate to regulate tariff, overpricing of land. According to Seller Meriam, we benefit from what we are paying for this HLURB and land Regulation commission.

for the time being this incident is not controlled in this area., too much tears are wasted, because this regulatory board is not exercising their right and mandate to follow good governance.,

Clearly this is overpricing, this could mean corruption on the part of this government agency concerning HLURB and the Land Regulatory Authority in Palawan.
