House Bill No. 1400

#### EXPLANATORY NOTE

In 1974, the Philippine Ports Authority (PPA) was created by virtue of Presidential Decree (PD) 857, as amended, to implement an integrated program for the planning, development, financing and operation of piers or port districts for the entire country.

Through the years, the port users (e.g., domestic shippers, exporters and importers) have complained of low service levels, inefficient port operations and ever-increasing port charges. They claim that the high cost of transport serves as an effective barrier to increased trade (both local and foreign) and undermines the country's overall competitiveness.

There is an urgent need to reform the country's ports administration by separating the regulatory and development functions of the Philippine Ports Authority (PPA) by converting it into a Philippine Ports Corporation and transferring its regulatory functions to the Maritime Industry Authority (MARINA).

House Bill No. **1400**

INTRODUCED BY REPRESENTATIVE BERNADETTE HERRERA-DY

AN ACT SEPARATING THE REGULATORY AND COMMERCIAL  
FUNCTIONS OF THE PHILIPPINE PORTS AUTHORITY (PPA) BY  
CONVERTING IT INTO PHILIPPINE PORTS CORPORATION FOR  
DEVELOPMENT, MANAGEMENT AND OPERATION OF PUBLIC PORTS  
WITHIN ITS SYSTEM AND TRANSFERRING THE REGULATORY  
FUNCTIONS TO THE MARITIME INDUSTRY AUTHORITY (MARINA)

Be it enacted by the Senate and the House of Representatives of the Philippines in  
Congress assembled:

Section 1. Title. This Act shall be known as the Philippine Ports Corporation  
(PHILPORTS) Act.

Section 2. Declaration of Policies and Objectives. It is hereby declared to be the  
policy of the State to avoid conflict of interest arising from regulatory agencies  
vested with both regulatory and development or commercial functions. Under no  
circumstance should a regulatory agency benefit from its own regulation and/or  
use its regulatory powers to protect itself from competition at the expense of  
public interest. It is in this regard that this Act separates the regulatory and  
development functions of the Philippine Ports Authority (PPA) by converting it  
into a corporation solely for commercial and development purposes and  
transferring its regulatory functions and powers to the Maritime Industry  
Authority (MARINA).

Section 3. The Philippine Potts Corporation —

- (a) The PPA shall be converted into Philippine Pons Corporation (PHILPORTS), a  
government-owned and controlled corporation (GOCC) attached to the

Department of Transport (DOTr) and mandated to own, develop, manage and operate public ports within the port system of the old PPA.

- (b) All regulatory powers and functions of the defunct PPA shall be transferred to the MARINA.
- (c) While PHILPORTS is a public enterprise, it is not primarily a revenue generating entity but a service provider. As such, it shall always give utmost priority and importance to public service delivery and promotion of public interest over commercial/financial profit.
- (d) PHILPORTS shall be governed by a Board with fifteen (15) members composed of representatives from government agencies and industry associations:
