Dear friends and partners, Greetings from INBAR Secretariat!

We are excited to invite you to participate in 2023 International Online Seminar on Bamboo: A Very Sustainable Construction Material—Lessons from Latin America's Education, Innovation and Research in Bamboo.

Focusing on Latin American experiences and contributions, this year's conference uniquely delves into region-specific challenges and opportunities across the key pillars of education, innovation, and research in bamboo construction. To maximize accessibility and foster a global conversation, the conference will be hosted online and offer open access to all its enlightening sessions. This virtual platform is designed to engage a diverse audience, inviting students, educators, researchers, industry professionals, and the public to partake in a multi-faceted dialogue that spans educational initiatives, cutting-edge innovations, and groundbreaking research in the field of bamboo as a sustainable construction material in the Latin American region.

The seminar consists of four sessions and is going to be held entirely online, making it accessible to participants from anywhere in the world.

Session1: Bamboo Foundations: Research and Practice in Bamboo Architecture

Date: 21 Nov. 2023 | 21:00-23:00 GMT+8

Session2: Bamboo 101: Educational Approaches to Bamboo in Latin America

Date: 28 Nov. 2023 | 21:00-23:00 GMT+8

Session3: Beyond Tradition: Pioneering Construction Innovations in Latin America

Date: 06 Dec. 2023 | 21:00-23:00 GMT+8

Session4: Bamboo for All: Bamboo in Latin America Social Initiatives

Date: 12 Dec. 2023 | 21:00-23:00 GMT+8

Time slot for all the sessions:

8:00-10:00 GMT-5, Quito

14:00-16:00 GMT, London

21:00-23:00 GMT+8, Beijing

To register for the Seminar, you can visit the link: <https://forms.office.com/r/pe1kthziPt>

We are looking forward to meeting you by then.

Best regards,

The Organizing Committee

Estimados amigos y socios,

¡Saludos desde la Secretaría de INBAR!

Nos complace invitarles a participar en el Seminario Internacional Online sobre Bambú 2023: Un Material de Construcción Muy Sostenible — Lecciones de la Educación, Innovación e Investigación en Bambú en América Latina.

Centrándose en las experiencias y contribuciones de América Latina, la conferencia de este año profundiza de manera única en los desafíos y oportunidades específicos de la región a través de los pilares clave de la educación, la innovación y la investigación en la construcción con bambú. Para maximizar la accesibilidad y fomentar una conversación global, la conferencia se celebrará en línea y ofrecerá acceso abierto a todas sus esclarecedoras sesiones. Esta plataforma virtual está diseñada para atraer a una audiencia diversa, invitando a estudiantes, educadores, investigadores, profesionales de la industria y al público en general a participar en un diálogo multifacético que abarca iniciativas educativas, innovaciones de vanguardia e investigación pionera en el campo del bambú como material de construcción sostenible en la región de América Latina.

El seminario constará de cuatro sesiones y se celebrará íntegramente en línea, por lo que será accesible a los participantes desde cualquier parte del mundo.

Sesión 1: Cimientos de bambú: Investigación y práctica en la arquitectura del bambú

Fecha: 21 Nov, 2023 | 21:00-23:00 GMT+8

Sesión 2: Bambú 101: Enfoques educativos del bambú en América Latina

Fecha: 28 Nov, 2023 | 21:00-23:00 GMT+8

Sesión 3: Más allá de la tradición: Innovaciones pioneras en la construcción en América Latina

Fecha: 06 Dic, 2023 | 21:00-23:00 GMT+8

Sesión 4: Bambú para todos: El bambú en las iniciativas sociales de América Latina

Fecha: 12 Dic, 2023 | 21:00-23:00 GMT+8

Horario para todas las sesiones

8:00-10:00 GMT-5, Quito

14:00-16:00 GMT, Londres

21:00-23:00 GMT+8, Pekín

Para inscribirse en el Seminario, puede visitar el enlace: <https://forms.office.com/r/pc1kthziPt>

Contamos con su estimada presencia y sus importantes contribuciones durante el seminario.

Saludos cordiales,

El Comité Organizador
