Greetings!

As the Forest Management Bureau (FMB) joins this year's celebration of **National Climate Change Consciousness Week**, a social media campaign will be conducted on **November 20-24, 2023** with the theme **"Fighting Climate Change Together: A Call for Sustainable Living"**. This event aims to raise awareness on global warming and climate change by advocating behavioral solutions in addressing climate change through **KlimaReel** (a short video-making competition) and **Little Ways Big Change** (a week-long care for the environment challenge).

In this regard, attached is the **FMB Memorandum dated 25 October 2023** inviting your Office to join the said event.

For your information.

Thank you!
