Hi, DENR Mimaropa Region

We are now officially kicking off a security awareness training program provided by DENR-CIRT Team in partnership with Trend Micro Phish Insight. The goal of this security awareness training is to educate you on the risk posed by cyber threats. We want to make sure that you know how to recognize a real attack when it takes place and ensure you know how to take appropriate action in this scenario.

Please attend this online training at your earliest convenience.

Start your training: DENR - Phishing 101 Training

Expired date: 2023-10-31

If you cannot click the link above, please copy and paste this link into your browser:

https://cloud.phishinsight.trendmicro.com/lms/ea95ef225d7b9b42af239bcab11821b87732a588448066233b98f195207a a7410e9db09333cb636c996c15aaaa9cd5eeea4d157c0c5f1f7cdf75748445569ca7

Why should I attend this training?

Cyber threats are changing every day with attackers constantly innovating new ways to steal from both individuals and organizations. By taking this training you can equip yourself with the knowledge to protect yourself and our organization from cyber crime.

If you have any questions, please contact Eugene de Guzman (ecdeguzman@denr.gov.ph).

Thank you,

DENR-CIRT (cirt@denr.gov.ph)
