Dear Maam/Sir,

Good day!

Following the recent Senate hearing held on October 4, 2023, regarding the proposed budget for the Department of Environment and Natural Resources (DENR) for the calendar year 2024, Senators have expressed a keen interest in the Biodiversity-Friendly Enterprises (BDFE). Consequently, a suggestion has been made to organize a week-long BDFE Exhibit, to be coordinated and hosted by the DENR's Biodiversity Management Bureau (BMB) at the Office of the Senate of the Philippines. This event will serve as a vital platform for the exchange of information and as a means to promote BDFEs not only to the public but also, significantly, to the Senators themselves, who play a pivotal role in addressing current national issues and concerns.

Furthermore, the proposed exhibit will feature products from various People's Organizations (POs), effectively consolidating and showcasing their contributions. This opportunity represents a significant step forward in our ongoing efforts to advance the cause of BDFE and promote associated social enterprises.

As such, may we request your assistance on the details and other logistical support for the conduct of the said activity. Attached herewith is the advance copy of the Memorandum, for your copy and information. Thank you very much!

--
