Dear DENR-CDD,

This pertains to the proposed **Patrick-Viga (Manamlay) River Dredging Project** by the **PERRC Construction and Development Corporation** which is applying for an Environmental Compliance Certificate (ECC) from this Office.

On September 18, 2023, the Mines and Geosciences Bureau's (MGB) sent a reply letter to PERRC regarding the company's request for a certificate of non-overlap. In the letter's final paragraph, the MGB stated that the project falls within the F.B. Harrison Game Refuge and Bird Sanctuary Protected Landscape.

In connection with this, the EMB MIMAROPA Region would like to request for your comments regarding this matter since it falls under your purview to maintain the aforementioned protected area. Attached herewith are the MGB's letter to the proponent, the proponent's final Environmental Impact Statement (EIS) Report, and the project's draft ECC for your reference.

Lastly, in consideration that the project has already concluded its final technical review and drafting of its ECC, and considering that an invitation for its Technical Review together with a copy of the EIS was previously forwarded to you, we would like to ask your office to provide its comments on or before October 27, 2023.

Thank you!

Sincerely,
