Good Morning Madam,

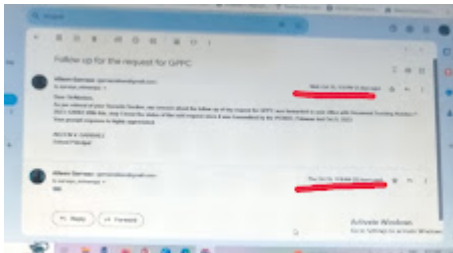

I have sent two(2) email messages the other and yesterday on the email ad that you have provided, but sad to say that as of this date I haven't received any update on the status of my request for GPPC. I am afraid that the fund intended for the registration of our school site land title will be given to another school since we lack one requirement and that is the GPPC of tie point coming from your Regional Office.

Attached herewith, the picture of my 2 messages to the survey, mapping office, for your reference.

Your immediate action is highly appreciated.

Truly yours,

AILEEN V. GARRAEZ  
School Principal
