Dear sir,

Good morning! This is Bryan Borela from Manila. A cousin of mine is being offered an island property within the municipality of Culion, Palawan. He intends to purchase it and has asked that I do due diligence in terms of the true ownership of the property. I would like to ask if there is a point person I could consult with in your good office regarding this. May I please for his/her contact details.

Your kind assistance is truly appreciated.
