MIMAROPA REGION

85 **HIGHLIGHTS OF THE MINUTES OF THE MEETING**

86  
87 **A. Call to Order**

88 The newly appointed RPOC Chairperson Gov. Eduardo B. Gadiano presided over the 2nd  
89 quarter meeting of the council for CY 2023. The meeting was called to order at exactly 9:08  
90 in the morning, followed by an invocation and singing of the national anthem.

91 The RPOC Member-Head Secretariat RD Karl Caesar R. Rimando presented the  
92 Appointment Certificate of the New Chairperson of the RPOC MIMAROPA.

93 The RPOC Chairperson Gov. Eduardo B. Gadiano gave his welcome message before the  
94 council.

95  
96 **B. Roll Call**

97 The RPOC Secretariat called the roll and acknowledged all the member agencies who were  
98 present. With the majority of the members present, the secretariat certified to the presence  
99 of a quorum.

100  
101 **C. Reading and Approval of the Minutes of the Previous RPOC Meeting**

102  
103 The reading of the minutes of the meeting was dispensed since an advanced copy was  
104 already disseminated to the present members. However, upon manifestation, a correction  
105 was made in the attendees from the previous RPOC meeting, attesting to include the  
106 representatives of the Bureau of Fire Protection (BFP) and National Police Commission  
107 (NAPOLCOM) in attendance thereof. With no further objections, Mr. Joel Lorenzo Guevarra  
108 moved for the approval of the previous minutes and Mr. Alvin Panaligan seconded the  
109 motion.

110  
111 **D. Business for the Day**

112 The business of the day highlighted accomplishments and assessments of law enforcement  
113 agencies primarily the PRO MIMAROPA, PDEA, Western Command, and 2<sup>nd</sup> Infantry  
114 Division. Their presentations were delivered separately by their representatives to which they  
115 were able to address the concerns of the council members.

- 117 • **Peace and Order Situation Update and Status of Issuance of Security Clearance of**  
118 **CSOs as POC Members.** PCOL Hordan Pacatiw presented the PRO MIMAROPA  
119 presentation on the Peace and Order Situation, Operational Accomplishments, and the  
120 Status of Security Clearance of CSO, to wit:

- 121 - PRO MIMAROPA has record 758 incidents for calendar year 2023, a decrease of  
122 27.67% compared to the 1,048 incidents recorded in the same period last year.
- 123 - For operational accomplishment, PRO conducted campaign against illegal drugs  
124 with 92 operations resulting to the arrest of 116 personalities and confiscation of  
125 336.16 grams of Shabu with street value of Php 2,285,890.72 and 24.8 grams of  
126 Marijuana with street value of Php 2,976.00;

Republic of the Philippines  
**Regional Peace and Order Council**  
MIMAROPA REGION

- On the campaign against insurgency and terrorism, in partnership with AFP, a total of 66 CTGs were neutralized with 8 firearms confiscated and surrendered;
- For campaign on wanted persons, there is a total of 559 wanted persons for the period of CY 2023, 134 of which are most wanted and 425 other wanted persons;
- On campaign against loose firearms, 229, 698 operations were conducted resulting to the arrest of 26 persons, 418 firearms captured recovered and surrendered, and 326 kontra-boga firearms;
- On campaign against illegal gambling, 49 operations were conducted resulting to the arrest of 159 persons with an amount seized of Php23,195.00;
- On campaign against illegal logging, 75 operations were conducted resulting to the arrest of 25 persons with a total of 8,299.2 board feet seized coco lumber amounting to Php380,598.53;
- On campaign against illegal fishing, 130 operations were conducted resulting to the arrest of 196 personalities with 56kg of fish seized and an estimated value of Php9,845,300.00 confiscated paraphernalia related to illegal fishing such as motorized banca, compressor and fish finder;
- On our campaign against illegal mining, 16 operations were conducted resulting to the arrest of 9 personalities;
- On the status of the Issuance of Security Clearance for CSOs nominated to be members of the Peace and Order Council, PRO MIMAROPA received a total of 41 applications for security clearances with pending results from NBI, NICA and AFP

- **Anti-Illegal Drugs Operation/Activities Updates.** PDEA Regional Director Gil Cesario presented the Updates on Anti-Illegal Drugs Operations and Activities in the region, to wit:

- Updates on Barangay Drug Clearing. In 2017, the Region's drug affectation is at 76.78% or 1,121 out of 1,460 barangays are affected by illegal drugs. As of May 29, 2023, the drug affectation is down to 2.26%. A total of 1,091 drug-affected barangays were cleared since 2017. Drug affectation map reveals that Puerto Princesa City has the highest drug affectation in the Region. Being the lone highly urbanized city in the Region, it is expected that PPC will be the last area to be cleared. All previously affected barangays in Marinduque and Romblon were already declared drug-cleared. Marinduque was declared a drug-cleared Province in 2020. Validation of drug-cleared barangays and verification of drug-free barangays are being conducted in Romblon to facilitate its declaration as Drug-cleared Province.
- Supply Reduction Accomplishment. 49 positive anti-drug operations were conducted resulting to the arrest of 53 drug personalities, 4 high valued targets with 90.8242 g Meth/Shabu and 34.2118 g of Marijuana seized.

- Other operational activities. 4 compliance inspections were conducted to registered entities and 520 K9 Sweeping/Inspection/Profiling activities were conducted by AIU and SIUs
  - On monitoring of drug cases, from 2020-2023 1,652 cases were filed, 476 of which were decided, 113 were dismissed, and 363 were convicted, with an overall conviction rate of 76.26%;
  - On empowerment of advocates activities, a Training of Trainers on BDCP, DFWP and Advocacy was conducted in the Province of Romblon and Marinduque.
  - Among the issues and concerns and recommendations/interventions on Anti-Drug operations are: Resurgence of illegal drug activity in some drug-cleared barangays; security measures at the ports to prevent smuggling of drugs; coast line is vulnerable to shipside smuggling; nautical highway as a possible transshipment point/route of drugs from NCR/CALABARZON to other regions in the south; and mail and parcel is a preferred method of drug smuggling;
  - The recommendations/interventions are to sustain drug abuse prevention activities and programs at the drug-cleared and drug-free barangays; conduct of targeted operation against regional target drug personalities; Training of Trainers to be conducted in the Mindoro Provinces; and enhance cooperation of port authorities, commercial forwarders, transport groups, and other stakeholders to detect and deter drug smuggling through mail and parcel as well as the entry of illegal drugs through the ports.
- **Internal Security Update in Palawan and West Philippine Sea Update.** Commander Brix Dumanig of Western Command presented the Internal Security Operation in the Palawan and West Philippine Sea, to wit:
    - On Communist Terrorist Group (CTG), the neutralization of regular members from the SRMA-4E, STRPC in the Province of Palawan proves to be decisive event that led to the strategic defeat and eventual dismantling. After the dismantling of SRMA-4E, the lone remaining CNT member in the province identified as Sonny Rogelio @Miggy has been confirmed to have transferred in Bongabong, Oriental Mindoro in January 2022 under MRGU, STRPC.
    - For the period, the lone remaining CNT member in the province, identified as Sonny Rogelio @Miggy has been confirmed transferred in Bongabong, Oriental Mindoro as of January 2022 under MRGU, STRPC. Moreover, on firepower, the decline from the previous year 2022 with two (2) to the current of zero (0) was due to the likelihood that the issued 9mm to @Miggy was carried during his transfer to Mindoro brought absence of mass base to hide the said firearm. Further, the ultimax which was buried for concealment was not retrieved after several attempts of recovery operations with the help of former rebels.
    - Peace Inclined Armed Groups. In Palawan, there are two (2) PSR listed MNLF groups: The Bangsamoro Armed Forces-Palawan Unified Command (BAF-PUC)

Republic of the Philippines  
**Regional Peace and Order Council**  
MIMAROPA REGION

210 headed by Sahak Antuyong and the Bangsamoro Armed Forces Panglima-  
211 MAHABASAR SHARIF ELIDJI BIN SULTAN SHARIF BADR-UDDIN AL-  
212 HASHIMY LIBERATION FORCES (PMSESSBU-U AL- HASHIMY) HEADED BY  
213 HADJI FAISAL (LNU).

- 214 - Furthermore, there are other four (4) MNLF watch listed groups being monitored  
215 in the province as follows:  
216     o RAJAH AMILBAHAR LAPU-LAPU NATIONAL COMMAND (RALNC),  
217     o MNLF-BAF COMMANDO UNIT JIHADA MINSUPALA COMMAND  
218     o MNLF-PALAWAN REVOLUTIONARY COMMITTEE.  
219     o AL-FATAH PALAWAN REVOLUTIONARY COMMAND BAF-MNLF

220 On firearms, only the PUC has a monitored firearms of four (4) broken down to 3  
221 LPFAS and one (1) HPFAS.

- 222 - As to the assessment on CTGs, there is no monitored CTG (Communist Terrorist  
223 Group) activity within the Area of Responsibility (AOR). This lack of activity can  
224 be attributed to the dismantling of the SRMA-4E, which has rendered the CTG  
225 incapable of carrying out its three fighting tasks of party, army, and united front  
226 building. The prevailing situation suggests that the STRPC failed to deploy  
227 competent cadres to regain the CTG's former strongholds.
- 228 - As for the MNLF assessment, the number of activities of the Moro National  
229 Liberation Front (MNLF) have shown a significant increase from 3 in the 4th  
230 Quarter of 2022 to 7 in the 1st Quarter of 2023. This increase can be attributed to  
231 two main factors. Firstly, the increase is connected to the celebration of the 55th  
232 MNLF Founding Anniversary, which likely led to heightened organizational  
233 activities and events. Secondly, there is the emergence of the ALFATAH faction,  
234 which is currently under watchlist, in the province of Palawan. Among the  
235 identified factions in the province, only the PUC (Palawan Unified Command)  
236 remains active during the specified period, while other factions appear to have  
237 diminished or ceased their activities.
- 238 - On the West Philippine Sea Situation Update. The land-based sightings in the  
239 WPS for the period from 01 January to May 2023 totaled to of 1,505 vessels  
240 composed of 967 Chinese, 281 Vietnamese, 245 Filipino and nine (9) other  
241 foreign vessels were monitored in the vicinity of Philippine-held stations. These  
242 data are based on repeat arrivals; thus, some vessels could have been counted  
243 repeatedly.
- 244 - On CCG and Plan Disposition, 14 different Chinese Coast Guard Vessels were  
245 monitored in Pag-Asa Islands, Ayungin Shoal, Parola Island and Kota Island.  
246 Also, six (6) Plan Vessels were monitored in Pag-Asa Islands.
- 247 - On Air Restrictions during ISR Missions, for the period, a total of 115 incidents of  
248 radio challenges were received by our ISR team from Chinese military artificial  
249 island outposts and/or surface assets in areas covered by the patrols. As part of  
250 their assertive behavior in WPS, China has continuously imposed air restrictions  
251 to Philippine routine patrols. A total of eight (8) flare warning signals were reported

Republic of the Philippines  
**Regional Peace and Order Council**  
MIMAROPA REGION

- 252 by the ISR Team fired from the main building of Gaven Reef, Calderon Reef and  
253 Zamora Reef. China uses pyrotechnic signals or flare warnings to ward off the  
254 ISR team.
- 255 - Significant Developments in Pag-asa Island. On 02 March 2023, LMS Pag-asa  
256 reported that a plan vessel bn 649 was monitored thru radar and binocular  
257 navigating at vicinity 10.3 nm south off Pag-asa islands, WPS. Subsequently, IMS  
258 Pag-asa issued three (3) consecutive radio challenges to the monitored plan 649,  
259 which later responded stating that “The China Subi Reef and South China Sea  
260 and China waters, we are conducting lawful routine exercise in this sea and under  
261 jurisdiction.”
  - 262 - On 03 March 2023, JTV Pag-asa conducted an inter-agency maritime operation  
263 to approach the monitored Chinese fishing vessel (CFV) BN 00113 anchored at  
264 vicinity 2.1 nm West off Pag-asa Islands. Accordingly, upon arrival of IAMO group  
265 to the said vicinity, CFV 00113 immediately heaved in its anchor and departed  
266 from the area heading sw. After which, IAMO Group also departed from the area  
267 heading back to Pag-asa Islands and safely arrived thereat at about 1717 of the  
268 same day;
  - 269 - On 16 March 2023, JTV Pag-asa again conducted an IAMO to drive away a  
270 Vietnamese Fishing Vessel (VFV) lying to at vicinity 2.9 nm NW off Pag-asa  
271 islands, WPS. the team approached the said VFV at her port quarter and  
272 instructed the crew to leave the area. said VFV departed from the area moving W  
273 and later headed SSW direction;
  - 274 - On 31 March 2023, BRP Andres Bonifacio PS-17 monitored multiple contacts thru  
275 X/S-Band Radars and AIS, and further sighted by ship crew which appeared to  
276 be a group of fish markers with one (1) Vietnamese Fishing Vessel as their  
277 primary platform. On the other hand, PS-17 also monitored another contact  
278 identified as CCG 5101 navigating at vicinity 5.5 nm NW off Pagasa islands with  
279 a speed of 14.5 kts on course 210°t. Accordingly, said CCG vessel was observed  
280 moving towards the direction of other CFVS scattered at the vicinity of Pag-asa  
281 Cays 2, 3 and 4;
  - 282 - On the evening of 30 March 2023, BRP Andres Bonifacio (PS-17), while  
283 navigating at vicinity 5.4 NM South Off Pag-Asa islands en route to the location of  
284 monitored CFVS namely Qiong Sanya Yu 72268 and 72131, PS-17 sighted one  
285 (1) drone at their dead astern. Accordingly, said drone was sighted emitting  
286 flashing red, green and white lights, and conducted a single pass at the fantail  
287 area of PS-17. Later, it was observed to have loitered for approximately 15  
288 minutes in the PN vessel's port quarter before leaving the area towards the Subi  
289 Reef direction;
  - 290 - On 16 April 2023, the UP Marine Scientific Institute Team on board two (2) rubber  
291 boats with nine (9) personnel onboard being escorted by PCG Kalayaan  
292 personnel headed towards Pag-asa Cay 3 to conduct marine scientific research  
293 works when the team sighted CCG 5101 at vicinity 1 NM South Off Pag-asa Cay

Republic of the Philippines  
**Regional Peace and Order Council**  
MIMAROPA REGION

2, thereafter, they observed a series of unusual maneuvers from the CCG vessel possibly to dissuade the team from going to the said cay. It was further noted that CCG 5101 even came as close as 1700 yards west off Pag-asa Islands. Immediately, PCG Kalayaan, LMS Pag-asa and BRP IWAK issued several radio challenges to CCG 5101 IAW SOP NR 12, however, yielded negative response from the CCG vessel;

- On 21 April 2023, JTU Pag-asa organized an Inter-Agency Maritime Operations (IAMO) Team to apprehend a CFV and ten (10) Chinese fiber boats (SAMPAN) scattered in vicinity of Pag-asa Reef 1. Upon arrival of the IAMO team at the target area, they observed that the Chinese fiber boats hastily fled the area en route towards the direction of their mothership CFV YUETAIYU 63168. Further, the team conducted pursuit operation and was able to apprehend and seize eight (8) escaping Chinese fiber boats, loaded with various fishing paraphernalia believed to be sodium cyanide used in illegal fishing. Said items were immediately confiscated while the fiber boats along with their operators were released, and later observed heading towards their mothership. Upon ensuring that no Chinese fiber boats will return to the area, OOA 1144 the IAMO team proceeded en route back to Pag-asa station;
- For the Assessment, the continuous presence of CCG vessels in Ayungin Shoal strongly suggests China's persistence in asserting the area, placing it on the pretext of imposing under China's jurisdiction. The monitored shadowing of plan and CCG Vessel in Pag-asa island and Ayungin Shoal infers that China is determined in keeping Philippine vessels off the shoal to preserve their de facto control over the area. Philippine efforts to secure its occupied maritime features in KIG are aimed at protecting its national interests and asserting its sovereignty in the region. These efforts involve a combination of military, diplomatic, and legal measures to address the challenges and threats posed by competing territorial claims and regional security issues.

- **Internal Security Update in MIMARO.** COL Bienvenido R Hindang Jr of the 2<sup>nd</sup> Infantry Division, presented Internal Security Operations in MIMAROPA, to wit:

- The 2<sup>nd</sup> Infantry Division is confronting Southern Tagalog Regional Party Committee (STRPC). It is still headed by Wigberto Losa Villarico @ALEJANDRO MONTALAN/LUBID/BAYLON as the Secretary and Bartolome Bagatman Matavia @DOMINGO ALMUSARA/JIHAD/SAYLO as the Deputy Secretary and the Head of Regional Operational Command (ROC). It has 149 manpower, 204 firearms and 29 affected barangays. Meanwhile, one (1) PLTN of MRGU named PLTN MINDORO and one (1) Sub-Regional Military Area is in MIMARO area.
- Regarding the composition and disposition: The CTGs operating in Mindoro is the Sub-Regional Military Area (SRMA) 4D/PC headed by Virginia Terrobias Magadia @INSAY/LIKHA/UGNAY with 36 manpower and 47 firearms. It has one (1)

Republic of the Philippines  
**Regional Peace and Order Council**  
MIMAROPA REGION

- 336 Guerilla Front with (one (1) Platoon, headed by Lena Gumpad @MAAN as its  
337 Secretary. Likewise, remnants of ICM are headed by Mean Santilla @SAM.  
338 - MRGU, STRPC has one (1) remaining Platoon that operates in Mindoro Provinces  
339 with a total of 20 manpower and 13 firearms. MRGU is under the leadership of  
340 Jovito Marquez @BUSAY as its Commanding Officer.  
341 - Meanwhile, there are a total of 102 CNTs Non-Violent activities in MIMARO. Most  
342 activities were monitored in Socorro, Gloria, Bansud, Bongabong and Mansalay,  
343 all in Oriental Mindoro and in Sablayan, Sta Cruz, Calintaan, Rizal, San Jose and  
344 Magsaysay, all in Occidental Mindoro.  
345 - Other Significant Accomplishments. The Command had initiated two (2) Armed  
346 Engagements against the STRPC in the region. There was an encounter in Brgy  
347 Tawas, Bongabong, Oriental Mindoro on 08 May 2023 by 76IB that resulted to  
348 the capture of two (2) M16 rifles and one (1) M203 grenade launcher. The recent  
349 encounter in So Pasugue, Brgy Malisbong, Sablayan, Occ. Mindoro by 68IB on  
350 30 May 2023 resulted to the neutralization of the Iskwad Leader and Pltn Mindoro,  
351 MRGU and capture of three (3) high powered firearms.  
352 - With the massive Focus Military Operations and stakeholder engagements, the  
353 Command neutralized seven (7) NPA regular fighters of which three (3) were  
354 apprehended, and four (4) voluntary surrendered.  
355 - Significant to note is the neutralization of key leaders Arnulfo Aumentado y  
356 Torres@ ARYO KT/KH member of SRMA 4D, 2<sup>nd</sup> Dep Sec of KLG MAV & P4/GP,  
357 KLG MAV, STRPC and Mary Joyce Lizada y Tapawan @LUOISE S4, PLTN  
358 SERNA, KLG MAV and former liaison officer of Regional Staff, who were  
359 apprehended during the conduct of pursuit operation on 26 April 2023 in Brgy  
360 Santa Teresita, Mansalay Oriental Mindoro. A violation of RA 9516 and RA 10591  
361 were filed against the two (2) personalities who are currently hospitalized at 2<sup>nd</sup>  
362 Army Station Hospital, Camp Capinpin, Tanay, Rizal.  
363 - Further, 15 Firearms were gained of which six (6) were captured while nine (9)  
364 were surrendered by the confronted guerilla front.  
365 - On White Area Operations, there are targeted CAMOs and SFOs covering the  
366 period from January 2023 to date of which two (2) are ongoing and two (2) are  
367 not yet started.  
368 - On Neutralized Support Elements, the Command neutralized 202 Individuals of  
369 which 25 are Milisyang Bayan five (5) Sangay sa Partido sa Lokalidad and 172  
370 are mass base supporters.  
371 - As for the Command accomplishments on Civil Military Operations, a total of  
372 5,429 CMO activities were conducted. Likewise, the close collaboration with  
373 various stakeholders had definitely strengthened the peace and security posture  
374 in the Region 4B during the period.  
375 - On the Enhanced-Comprehensive Local Integration Program and AMNESTY  
376 PROGRAM, out of nine (9) CNTs surrenderees during the period, one (1) is on  
377 the process of enrolling in E-CLIP. Further, two (2) halfway houses that serve as

Republic of the Philippines

MIMAROPA REGION

378 temporary homes for our Former rebels were already completed located in  
379 Occidental and Oriental Mindoro.

- 380 - On Law Enforcement Support Operations, there are 2,000 Bdft of good lumbers  
381 (Giyo, Lawaan, and Malugay) confiscated at Hinterland of So Manamlay, Brgy  
382 San Agustin, Sablayan, Occidental Mindoro.
- 383 - On Critical Infrastructure Investment Security Operations, the Command is  
384 continuously securing 12 Private and Government owned infrastructure projects  
385 manned by 162 PA personnel that prevented the CTGs in conducting resource  
386 generation activities and significantly contributed to the economic growth in  
387 MIMAROPA. Among these significant flagship projects are the construction of  
388 Road Opening Project which connects Puerto Galera, Oriental Mindoro, and Abra  
389 De Ilog, Occidental Mindoro; the ongoing construction of AMNAY SABLAYAN-  
390 VICTORIA ROAD OPENING PROJECT which links the municipalities of  
391 Sablayan, Occidental Mindoro and Victoria, Oriental Mindoro; and the continuous  
392 security assistance in Balogo Port in Sta Cruz, Marinduque.
- 393 - With these concerted efforts, the Command, in collaboration with Peace and  
394 Order Council in the province, the 2<sup>nd</sup> ID implemented the declaration of SIPS in  
395 the municipality of Puerto Galera, Oriental Mindoro on 28 March 2023.
- 396 - For the Assessment, recruitment and recovery efforts will remain to be the main  
397 thrust of the STRPC; CTGs will exploit the JTF-Katagalugan's Counter WAO to  
398 lessen the negative impacts on its recruitment and resource generation schemes;  
399 Pursue conduct of major tactical offensives to project an image of strength,  
400 retaliate for their losses and remain relevant.

- 401
- 402 • Following the reports of law enforcement agencies, the discussion on Resolution Nos. 01  
403 and 02 s. 2023 commenced. The body raised a question on the consideration of the  
404 schedule of quarterly meetings. Addressing the concern of the board, the chairman  
405 concluded that instead of every Friday of the last month of every quarter, it shall be  
406 changed to any Friday of the last month of every quarter.
- 407 • The approval of Resolution No. 02 s. 2023 was deferred as there was a question  
408 regarding the membership of a foreigner in the RPOC. The body moved for the second  
409 resolution to be deferred and was seconded by Ms. Dahlia Ituralde.
- 410
- 411 • Gov. Jose Riano commended and recognized the efforts of men and women in uniform  
412 for their astounding efforts regarding the situation with insurgents.
- 413
- 414 • Lastly, RPOC Chair Gov. Eduardo B. Gadiano requested that there may be a contribution  
415 from other member agencies by providing a summary report from each ELCAC Cluster  
416 in the next RPOC meeting.
