**SUBJECT : NOTICE OF MEETING FOR THE TECHNICAL REVIEW OF THE  
ALAG AND LONGOS RIVER RESTORATION PROJECTS OF  
BIRD’S NEST RESOURCES CORPORATION**

The **Bird’s Nest Resources Corporation** has submitted its Environmental Impact Statement (EIS) for its above-mentioned proposed project. In line with this and in accordance with the DENR Memorandum Order 2023-01, the EMB MIMAROPA would like to invite you to attend the **Technical Review (TR)** on **17 January 2024, (Wednesday), 9:00 AM** at the new office building of the Regional Satellite Office: **15th Flr., Trium Square, 2138 Sen Gil J. Puyat Ave., Pasay City, Metro Manila**. If physical attendance at the Technical Review is not feasible, the meeting may be accessed virtually via Microsoft Teams through the link: <http://tinyurl.com/TechRev-AlagLongos>.

The TR aims to ensure that the data, impact assessment, and management measures presented in the EIA Report are those that will be critical in the integration of environmental and social concerns of the proponent’s Feasibility Study and downstream activities of the project. Additionally, the activity aims to advise and inform the decision-making of other units, bureaus, offices, and regulatory government agencies on the critical environmental and social concerns of a development proposal, as well as to provide guidance for the validation of projected environmental and social significant impacts.

Attached herewith are the project’s EIS and its annexes, the Technical Scoping Checklist, for your review and reference. Kindly input your comments in the attached Pro-forma for the Environmental Impact Assessment Review Committee (EIARC) Additional Information (AI) Request and send it to the email address: [eia.embr4b@gmail.com](mailto:eia.embr4b@gmail.com) on or before the scheduled Technical Review.
