Dear @PRC Regional Office 4B and @CONTACT CENTER NG BAYAN (CCB) ,

We, hope this letter finds you in good health and high spirits. My name is Rolan Ocampo Porisima 09550356414, and I am writing to bring to your attention a matter of utmost importance concerning alleged unscrupulous activities related to the Ocampo Land Selling in Pujalte Estate, Arado, Taytay, Palawan. The individual implicated in this matter is Liezel Del Rosario, affiliated with the City Assessor's Office in Taytay, Palawan.

I have reason to believe that a licensed real estate broker by the PRC Ms. Liezel Del Rosario bearing cell #: 09088949232 may be involved in concealing unscrupulous activities regarding the Ocampo Land Selling in violation of the RESA Law over pricing, failing to impose documents necessary to sell land, and fail to tax appropriately, she is always washing hands. It has come to my attention that there may be a failure to implement the provisions of the said law in connection with this specific land transaction. Additionally, it is alleged that Ms. Del Rosario may have neglected to report this matter to the appropriate authorities, specifically the Philippine Department of Finance Head Office in Quezon City.

I understand the gravity of such allegations and the potential impact they may have on the integrity of real estate transactions and public trust. Therefore, I kindly request that your office thoroughly investigates these allegations and take appropriate action by the law.

I believe that a transparent and impartial investigation into this matter is crucial to maintaining the integrity of our local government and ensuring that individuals involved in any wrongdoing are held accountable for their actions.

I appreciate your attention to this matter and trust that you will handle it with the urgency and seriousness it warrants. If you require any further information or assistance, please do not hesitate to contact me.

Thank you for your prompt attention to this serious issue, and I look forward to a swift and just resolution.

Sincerely,

Porisima Pantanu

Dear DHSUD and @CONTACT CENTER NG BAYAN (CCB)

May this message find you well. I feel compelled to bring to your attention a matter of concern regarding the business partnership between Meriam Ocampo and Mr. Mariano, the DENR CENRO Head, in Taytay Palawan.

Until now, Meriam Ocampo has been regarded as a commendable business partner. However, recent observations suggest a deviation from the principles of honesty and ethical conduct. It has come to our attention that Ms. Ocampo is involved in the sale of land at an exorbitant cost per square meter, lacking the necessary documentation, particularly a special land use certificate.

This raises serious questions about the governance surrounding such transactions. We find it perplexing that the government permits individuals, like Ms. Ocampo, to engage in unscrupulous and illicit activities, especially given her business relationship with Mr. Mariano and the rest of the DENR inspectors of the land.

Though these issues are on a gradual rise, these inspectors even permit this MERIAM to sell and resale illegal lumber coming from the nearby forest of this poor land Taytay. However, tolerated by the CENRO because the main reason was that Meriam Ocampo was a good business partner of Mr. Mariano.

We are concerned that this association is not only tolerated but also seemingly protected by Mr. Mariano and his team, who receive bonuses and gifts from the government. This protection further exacerbates the issues surrounding the unauthorized and questionable sale of land.

I kindly urge you to address this matter promptly to uphold the principles of transparency, integrity, and ethical conduct within our government. Your attention to this issue is greatly

appreciated.

dear Bureau.,

Sir.,

Until now no one from the civil service is dealing with this issue that covers; 1. BIR and 2. Assessors of ARADO., it seems that this kind of developer is lurking around the clock, selling around the area at an exuberant cost of the land., according to this DAR palawan they should refrain from selling this land in an unscrupulous manner. LRA is just washing their hand saying that we are up to the land titleship only., and that, no money involve.

because the assessors might be at stake, it may appear as this BIR is not controlling this overpricing of land price.,
