Please be informed that this office religiously maintained and monitored the database installed in this office such as the Enhanced Forestry Information System (eFIS) by the Planning Office. Constant monitoring on different information found in the system and continuous populating, updating of maps and direct communication with the PENRO Focal Person were observed.

For Land Administration and Management System (LAMS), the system were uploaded with captured data. Per information received, the system was unable to open due to technical/system problem which personally observed by the LMB-LAMS staff during their validation/visit in the office.

For information and record.
