MONTHLY PROTECTION AND CONSERVATION ACTIVITIES WITHIN PROTECTED AREA

Office : CENRO Brooke's Point
Unit/Section : Conservation and Development Section
Protected Area Name : Ursula Island Game Refuge and Bird Sanctuary (UIGRBS)
Date : June 1-30, 2022

Activities Conducted:

a. Monitoring of Marine Turtle Nesting Sites

The assigned Forest Protection Officers (FPOs) in the island conducted regular monitoring of the Marine Turtle Nesting Sites. There were 8 heads of Marine Turtles (Green Sea Turtle) that laid a total of 754 eggs and are transferred properly to the hatchery area to protect the eggs from wild nest predation and to increase the number of eggs to be hatched. Proper handling with extra care to eggs was applied and proper documentation with stick marking with stated number of eggs transferred and date of eggs laid was put beside the nest.

A total of 97 eggs of marine turtle hatched this month and hatchlings were properly guided to reach the seashore. *(Please see attached photos/documentation).*

b. Monthly Bird Counting

Assigned FPOs conducted bird counting at the island in daily basis to monitor the number of birds specially Kamaso in the island. This month, they only counted for two (2) continuous days which had a total estimated counts of 8,810. According to the FPOs assigned in the island, the number of birds counted decreased because of the weather condition since starting this month rainy season comes and the birds cannot go out the island due to strong winds and rain and there is low pressure area during the time they counted.

Based on the report of the FPO, they had found baby Kamaso inside the UIGRBS forest area and they properly assisted and released it indicating that this month is also their nesting period so that they cannot go out the island. It can also prove that maybe the number of Kamaso counted decreased since the FPOs are counting the birds in flight not the birds staying inside the forest.

Month	Bird Specie/s	No. of heads counted	Total
June 26-27, 2022	Kamaso/Pied Imperial Pigeon	4,834	8,810
	Kamaso/Pied Imperial Pigeon	3,976	

c. Coastal Clean-Up

Assigned FPOs were also tasked to conduct coastal clean-up regularly. This month, they have collected 6 sacks of mix nonbiodegradable garbage such as plastic bottles, plastic bags, Styrofoams, nylons, ropes and rubbers in the islands shoreline together the Philippine Coast Guard Rio Tuba.

They also conducted hauling and disposal of the sacks of garbage to the mainland Bataraza.

d. Monitoring of Tabon Birds Nesting Sites

FPOs hired by the DENR CENRO Brooke's Point with assistance from Blue Guards hired by LGU Bataraza conducted monitoring of Tabon Birds Nesting Sites within the forested area of the island. Nesting Sites monitored, recorded and documented.

e. Seaborne/Foot Patrolling

The assigned FPO's major task is to conduct daily foot patrolling and/or seaborne patrolling within the vicinities of the island to detect any illegal activities that could cause harm to the wildlife living within the protected area including nearby marine areas. During seaborne patrolling, Fishermen ducking near the island's shoreline were investigated and oriented properly regarding the policies being implemented in the island and advised them to leave the vicinity of the island to avoid harm and disturbance to the wildlife.

f. Other activities

1. On-going preparation of CEPA Materials (pamphlets, policy signages and wildlife signage).

PA Staff Mary Cris A. Ibañez had already printed one hundred fifty (150) UIGRBS Pamphlets. The distribution to concerned barangays Sarong, Taratak and Rio Tuba, Bataraza, Palawan was scheduled this 3rd or 4th quarter simultaneously with the conduct of IEC together with the Enforcement Team. Policy signage and Wildlife signage was also prepared and production was targeted this 3rd quarter.

2. Preparation and Submission of Report of Ursula Island Game Refuge and Bird Sanctuary (UIGRBS) Second Quarter PAMB en Banc Meeting

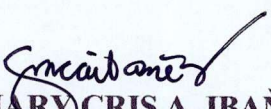

PA Staff had prepared and submitted the Second quarter Report of UIGRBS PAMB meeting with complete attachments such as copy of Invitation letter and attendance sheet, Photo Documentation during the conduct of meeting, Approved 1st quarter PAMB Minutes of the meeting, Approved Resolutions and 2nd quarter draft PAMB Minutes of the meeting on June 20, 2022.

3. Continuous installation of mouse traps in the island

FPOs continuously conducting installation of mouse traps. No rats trap/retrieved since there were 2 cats temporarily deployed in the island as approved by PAMB Members during the 1st quarter PAMB Meeting.

4. PASu Franklin Aquino and PA Staff Mary Cris A. Ibañez attended in the "Roll-out of NIPAS MPA Capacity Building for MIMAROPA Region" held at Asturias Hotel and Snake Island, Puerto Princesa City, Palawan on June 6-11, 2022.
