This pertains to the operations of Land Administration and Management System (LAMS) of CENRO Brooke's Point.

Please be informed that the LAMS database is not functional hence cannot be used for the updating of records and population of newly transmitted patent applications since CY 2021. The issue has been coordinated and reported to the PENRO and Regional LAMS Focal Person. Other issues and concerns reported are the following:

1. The server is functional however, encoding of new data, opening and editing of previously encoded Public Land Applications in the system of Data Capture are not possible
2. Scanned documents/files are not accessible in the system of Data Capture
3. Personnel of Records Section are not trained in the system of LAMS PLA 4.4/ LAMS PLA 4.5.

In view hereof, we are requesting for the assistance from the Regional Office to address the issue and conduct a refresher training for the operation of LAMS.

For her information and further instruction.
