NARRATIVE REPORT

This pertains to the instruction of CENR Officer Anastacio A. Santos in response to the information received from a concerned citizen regarding the presence of suspected undocumented lumbers somewhere in Barangay Tubili, Paluan, Occidental Mindoro.

Chief, Enforcement and Monitoring Section (EMS), Forester Ariston SJ Ramos, send selected EMS personnel to the area to investigate and verify the veracity of the report. The team immediately search the vicinity of Tubili river upon arrival. With the support of the intelligence unit of Regional Mobile Group (RMG), it was verified that the information is correct when the team located the reported undocumented lumber. The team found a boat haul (baul) hidden in the bushes of the river banks of the above cited river.

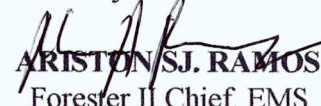

Due to lacking of man power, it is impossible for the EMS personnel to extract the said from the location. Luckily, there's a hauling of gravel and sand in the area. With the help of the pay loader equipment, the team successfully loaded the lumber to the DENR-Truck and brought it to the DENR-PENR Office Compound at Mamburao, Occidental Mindoro for actual scaling, additional documentation, safekeeping and subject for appropriate legal action. Before leaving the area, the left a notice stating that whoever owns the lumber found by the DENR personnel in the area, please appear in the office of the above mentioned agency to present any documents as proof of the legality the subject.

For information, record and further instruction.
