Gentlemen:

We write in reference to our application for the above caption subject matter, filed on 26 April 2022 with City Environment and Natural Resources Office (CENRO). We gather that around *90 working days* have passed since the endorsement of clearance to issue Survey Authority from the following offices with the corresponding details:

1 March 2022	To: The CENR Officer	From: The Assistant Regional Director For Technical Services
31 March 2022	To: The Community Environment and Natural Resources Officer (CENRO)	From: The Provincial Environment and Natural Resources Officer (PENRO)
18 April 2022	To: The Assistant Regional Director For Technical Services	From: The Provincial Environment and Natural Resources (PENRO)
2 June 2022	To: The PENR Officer	From: The Regional Executive Director (RED)
7 July 2022	To: The Regional Executive Director	From: The OIC-Provincial Environment and Natural Resources

We note that for the issuance of Survey Authority, the Regional Executive Director (RED) requested PENRO for the supporting documents of PENRO's endorsement. The requested documents have been received by your Honorable Office on 18 July 2022. *Under the ARTA Law (Anti-Red Tape Act), for highly technical application the prescribed processing time shall in no case be longer than twenty (20) working days.* Our application for Survey Authority has been in process for more than 20 working days—specifically around 90 workings days. Accordingly, we would like to beg for your indulgence to expedite the release of our Survey Authority.

We hope to get your positive and prompt response. We wish all of us a lot of energy, enthusiasm, shared trust and resolve on our way towards achieving a better future to all.
