SUBJECT

SUBMISSION OF NGP SITES AFFECTED BY FIRE, SOIL EROSION,

TYPHOON, AND OTHER CAUSES OF DESTRUCTION CONSIDERED AS

FORCE MAJEURE AS OF OCTOBER 2022

Respectfully submitting is the consolidated forest disturbance report of Enhanced National Greening Program as summarized in the below table, within the jurisdiction of DENR-PENRO Romblon, as of October 2022.

		Date of	Dan	nages	
NGP Site	Location	Occurrence	Area (ha)	Seedlings (No.)	Remarks
18-175900-0205-123	Calagonsao, Alcantara	June 04, 2022	9.30	14,211	w/ separate endorsement memo
21-175900-0767-0007	Sto. Niño, Sta. Maria	October 29, 2022	0.41	180	
21-175900-0759-0008	Sto. Niño, Sta. Maria	October 29, 2022	0.24	105	
21-175900-0730-0004	Calagonsao, Alcantara	October 29, 2022	1.47	300	Parcel 1 of 20 hectares
TOTAL			11.42	14,796	

For June, the reported damage was due to road opening project of Department of Public Works and Highways (DPWH) contracted by Sunwest Construction and Development Corporation. The PENRO was already issued Notice of Violation dated November 07, 2022 for violating Section 78 of Presidential Decree 705 or Unlawful Occupation or Destruction of Forest Lands and Grazing Lands.

Meanwhile, the damages occurred in CY 2021 plantation last October was due to tropical storm brought by Typhoon Paeng. The affected seedlings are subject for replanting since the plantation are currently under the second year maintenance and protection implementation.

In this regard, please see some geotagged photos of the damaged areas and the detailed information of the above NGP sites using the prescribed template provided by Forest Management Bureau.

For information and record.

SUBJECT

MINUTES OF THE CLARIFICATORY MEETING WITH THE DISTRICT ENGINEER OF THE DEPARTMENT OF PUBLIC

WORKS AND HIGHWAYS REGARDING THE DAMAGED NGP SITE DUE TO THE OPENING OF ROAD AT BRGY.

CALAGONSAO, ALCANTARA, ROMBLON

Respectfully submitting minutes of the Clarificatory Meeting with the District Engineer of the Department of Public Works and Highways-Rombion held at the PENRO Conference Room on October 7, 2022, in relation to the damaged National Greening Project site at Brgy. Calagonsao, Alcantara, Romblon, due to the DPWH's road opening project.

The DPWH requested for a list of documents needed to comply in order to forego with their projects and concurrently abiding by the environmental laws, rules and regulations.

Another dialogue should be set to further discuss the damages and agree on how said damages be replaced.

For your information and record.

Chief Allan T. Sendiong explained that the meeting was called for by this Office to address the issue surrounding the damaged National Greening Program Site at Brgy. Calagonsao, Alcantara, Romblon which was destroyed by a road opening project of the Department of Public Works and Highways. Chief Allan then asked DE Elena Castilan if they are aware of the said damaged site. DE Castilan mentioned that the Certificate of Non-Coverage by the Environmental Management Bureau. She believed that her

engineers and commeters presumed that said issuance of such, is enough to commence with

Chief Allai. 1. Sendiong then added that the CNC is one requirement but does not mean that it would cover all permits pertaining to the adherence on environmental laws. He stressed further that even the cutting of trees in the project site needs necessary cutting permit. Meanwhile, Forester Sheilia Jane Fortales read the portion of the Certificate of Non-Coverage

"The issuance of this certificate shall not exempt the grantee from the compliance with applicable environmental laws, rules and regulations, including the permitting requirements of other government agencies neither create any right nor he used as an authorization to implement the project. You may proceed with the implementation upon securing all the necessary and relevant permits from other pertinent government agencies

Moreover, any expansion and/or modification other than the specified above shall be considered as violation of P.D. 1586 (EIA System) and shall be subjected to imposition of

Forester Forlaies then explained the portions read and give emphasis on the need for other permits to be secured from other pertinent agencies. She also added Department Administrative Order (DAO) 2018-16 or the Guidelines in the Processing and Issurance of Permits on the Removal and Refocation of Trees Afficaed by DPVII Projects. Forester Fortales

DE Elena Castilan requested for list of documents needed to forego with their projects so that they will be able to abide by environmental laws, rules and regulations. She membraned

not a timberland. They believed that a certain Perla Marcele Gevtano owns the land. (Thier Allan Sendiong cleared the matter by indicating that the map of the NGP site is based on this Office's records. If it will be convenient, a relocation of Ms. Gaytiero's proprety may be done in order determine her property, but certainly not within the tember and area. SI Ann Adriguez added that the investigation team walked through the project and said location was mapped. Map generated showed that the middle person of the NGP sile was damaged. Forester Catherine Atienza, NGP (nordinator, showed the map and the georagged pictures of damaged

Engr. Shan Araiel Tabios and Engr. Gado requested for maps of NGP and tunberland

An agreement that another dialogue will be conducted to set le the damage trees at the
